PROFESSIONAL SUMMARY

I graduated B. Tech in Computer Science and Engineering on 2021 with 8.47 CGPA. I have AZ 900 certification from Microsoft on Azure Fundamentals. I worked in TCS as Assistant System Engineer Trainee for 6 months but now I am looking for an opportunity to learn and use my knowledge and creativity to deliver my best in all the endeavors relating to the duties that I am entrusted with, leading to a company's growth.

SELECTED PROFESSIONAL EXPERIENCE

Assistant System Engineer Trainee | Tata Consultancy Services | Kolkata, India | July 2021 – March 2022
· Worked on API management policies in Azure portal, creating and testing APIM policies.
· I worked with my team members on management policies for the payment APIs of Tata Neu app.
· I also checked logs in Application Insight for reports of any errors in APIs.

RELEVANT COURSEWORK

Data Structures and Algorithms | Brainware University | 2018

DBMS | Brainware University | 2018

Object Oriented Programming | Brainware University | 2019

Computer Networks | Brainware University | 2019

ENGINEERING PROJECTS

Novus Oculus | Final year project for B. Tech CSE | January 2021 – July 2021
· I worked on designing the whole project and hardware assembly.
· I worked on the programming logics to implement proximity alert feature along with my team members.
· Being the team leader I divided the work among my team members and helped each other to successful completion of the project.

Easy Sudoku | Personal Project | April 2021 – June 2021
· I worked on this project to learn more about APIs and Android app development.
· I mainly worked on Android app and set up the API whereas my friend worked on the backend which was responsible for OCR on images.

Virtual Assistant like J.A.R.V.I.S | Personal Project | August 2021 – Present
· I am still working on this project focused on the automation of daily tasks and voice control feature.
· I integrated a feature which creates and uploads videos to my YouTube channel.
